STAGE	STATUS	DESCRIPTION
1	Completed	Project Initiation - Define Scope
2	In Progress	Project Planning - Develop Schedule
3	On Hold	Project Execution - Implement Changes
4	Completed	Project Monitoring - Track Progress
5	Completed	Project Closure - Final Review
6	Completed	Project Evaluation - Lessons Learned
7	Completed	Project Archiving - Store Documents
8	Completed	Project Reporting - Generate Reports
9	Completed	Project Communication - Keep Stakeholders Informed
10	Completed	Project Risk Management - Identify and Mitigate Risks
11	Completed	Project Quality Management - Ensure High Quality
12	Completed	Project Resource Management - Allocate Resources
13	Completed	Project Stakeholder Management - Engage Stakeholders
14	Completed	Project Procurement Management - Manage Suppliers
15	Completed	Project Change Management - Handle Changes
16	Completed	Project Configuration Management - Control Configuration
17	Completed	Project Document Management - Organize Documents
18	Completed	Project Communication Management - Manage Communication
19	Completed	Project Risk Management - Monitor Risks
20	Completed	Project Quality Management - Control Quality
21	Completed	Project Resource Management - Manage Resources
22	Completed	Project Stakeholder Management - Manage Stakeholders
23	Completed	Project Procurement Management - Manage Procurement
24	Completed	Project Change Management - Manage Changes
25	Completed	Project Configuration Management - Manage Configuration
26	Completed	Project Document Management - Manage Documents
27	Completed	Project Communication Management - Manage Communication
28	Completed	Project Risk Management - Manage Risks
29	Completed	Project Quality Management - Manage Quality
30	Completed	Project Resource Management - Manage Resources
31	Completed	Project Stakeholder Management - Manage Stakeholders
32	Completed	Project Procurement Management - Manage Procurement
33	Completed	Project Change Management - Manage Changes
34	Completed	Project Configuration Management - Manage Configuration
35	Completed	Project Document Management - Manage Documents
36	Completed	Project Communication Management - Manage Communication
37	Completed	Project Risk Management - Manage Risks
38	Completed	Project Quality Management - Manage Quality
39	Completed	Project Resource Management - Manage Resources
40	Completed	Project Stakeholder Management - Manage Stakeholders
41	Completed	Project Procurement Management - Manage Procurement
42	Completed	Project Change Management - Manage Changes
43	Completed	Project Configuration Management - Manage Configuration
44	Completed	Project Document Management - Manage Documents
45	Completed	Project Communication Management - Manage Communication
46	Completed	Project Risk Management - Manage Risks
47	Completed	Project Quality Management - Manage Quality
48	Completed	Project Resource Management - Manage Resources
49	Completed	Project Stakeholder Management - Manage Stakeholders
50	Completed	Project Procurement Management - Manage Procurement
51	Completed	Project Change Management - Manage Changes
52	Completed	Project Configuration Management - Manage Configuration
53	Completed	Project Document Management - Manage Documents
54	Completed	Project Communication Management - Manage Communication
55	Completed	Project Risk Management - Manage Risks
56	Completed	Project Quality Management - Manage Quality
57	Completed	Project Resource Management - Manage Resources
58	Completed	Project Stakeholder Management - Manage Stakeholders
59	Completed	Project Procurement Management - Manage Procurement
60	Completed	Project Change Management - Manage Changes
61	Completed	Project Configuration Management - Manage Configuration
62	Completed	Project Document Management - Manage Documents
63	Completed	Project Communication Management - Manage Communication
64	Completed	Project Risk Management - Manage Risks
65	Completed	Project Quality Management - Manage Quality
66	Completed	Project Resource Management - Manage Resources
67	Completed	Project Stakeholder Management - Manage Stakeholders
68	Completed	Project Procurement Management - Manage Procurement
69	Completed	Project Change Management - Manage Changes
70	Completed	Project Configuration Management - Manage Configuration
71	Completed	Project Document Management - Manage Documents
72	Completed	Project Communication Management - Manage Communication
73	Completed	Project Risk Management - Manage Risks
74	Completed	Project Quality Management - Manage Quality
75	Completed	Project Resource Management - Manage Resources
76	Completed	Project Stakeholder Management - Manage Stakeholders
77	Completed	Project Procurement Management - Manage Procurement
78	Completed	Project Change Management - Manage Changes
79	Completed	Project Configuration Management - Manage Configuration
80	Completed	Project Document Management - Manage Documents
81	Completed	Project Communication Management - Manage Communication
82	Completed	Project Risk Management - Manage Risks
83	Completed	Project Quality Management - Manage Quality
84	Completed	Project Resource Management - Manage Resources
85	Completed	Project Stakeholder Management - Manage Stakeholders
86	Completed	Project Procurement Management - Manage Procurement
87	Completed	Project Change Management - Manage Changes
88	Completed	Project Configuration Management - Manage Configuration
89	Completed	Project Document Management - Manage Documents
90	Completed	Project Communication Management - Manage Communication
91	Completed	Project Risk Management - Manage Risks
92	Completed	Project Quality Management - Manage Quality
93	Completed	Project Resource Management - Manage Resources
94	Completed	Project Stakeholder Management - Manage Stakeholders
95	Completed	Project Procurement Management - Manage Procurement
96	Completed	Project Change Management - Manage Changes
97	Completed	Project Configuration Management - Manage Configuration
98	Completed	Project Document Management - Manage Documents
99	Completed	Project Communication Management - Manage Communication
100	Completed	Project Risk Management - Manage Risks
